

## Export Organisations

Key Personnel within the Australian Export organisations. This file is made up of contacts that appear in the annual Australian Exports yearbook. The yearbook is a comprehensive guide of whos who in the export industry cross referenced to the products and services exported.

The list is totally personalised and contacts range from Chief Executives, Propretors, Managers to Financial Directors involved in the total mix of export. It ranges from mining and agriculture to clothing and footwear. Details available include company name, executives by title, address, telephone, fax, company size, CAN number, turnover and areas of export.
