

Superior Health Buyers

This super responsive and growing file is made up of consumers who have bought from a range of Health supplements and products including health bracelets and arthritis gels.

The list is 100% direct responsive and sourced from the owners monthly mailings and inserts. Many of these people are individuals who want to maintain or improve their overall well being and are looking to remain active through their senior years.

Average spend for these enthusiastic buyers is AUD\$100.00

The list works well for most mail offers targeting an older age group.
