Academics

A Personalised list of Academics, teaching and research staff in Australian and New Zealand Universities, Colleges, CAE and TAFE colleges.

This list is accurate and up to date with over 1/3 of all data changing annually. Mardev is the list management division of Reed Business Information, specialising in Business to Business data.

They are one of the world leading Australian organisations. Mardev lists are highly qualified, responsive and contain key personal details about Australia's largest information suppliers, providing access to over 300,000 records sourced from leading decision makers in each area.

The list can be further segmented by teaching type ranging from history & science to humanities & law. Each subject can then be further segmented by specific topics. The list offers 100% of qualified academics in both Australia and New Zealand.
