Chief Executive Officers

A comprehensive list (made up from the central Incnet database) of Chief Executive Officers responsible for the overall business management of their company. Typical titles include: CEO, Managing Director, Secretary (Government), Director-General (Government), General Manager (Local Govt and subsidiaries but not divisions), Dealer Principal (Car Dealer), Managing Partner (Partnerships).

A majority of companies on the file are turning over in excess of \$10 million and/or 50 + employees.

This list is meticulously compiled and over twenty industry codes and a growing selection of industry keywords allows the list user to efficiently zero in on their industry target markets. Updating is maintained on a continual basis. All contacts on the file are tele researched every three months. This is supplemented by monitoring of media, published information sourced and by dead mail.

All records are fully personalised and include job title plus company name.
