Confectionary Retailers

This is a highly accurate new list of over 18,000 confectionery retail outlets. The list owner mails a journal every 2 months with updates, deletes and changes after every mailing.

This colourful new journal is well received by the industry which encompasses Service Stations, General Stores, Delis, Newsagents and Video Outlets. There is no other journal like it on the market and the retailers are anxious to receive it every 2 months as it keeps them up-to-date with new products and current trends.

The journal is plastic wrapped and is available for inserts or rental. Majority of records have telephone numbers.
