Financial Services Database

This list is drawn from the subscriber files of Super Review Magazine and Money Management. Both magazines target the high profile business person.

Super Review

The leading audited news and issues magazine is dedicated to servicing all segments of Australia's superannuation and investment industry. The readers of Super Review are superannuation fund secretaries, trustees and coordinators, as well as providers of superannuation and investment services.

Money Management

Australias only independent newspaper for the retail financial services industry. Readers are financial advisers working in small, medium and larger practices, fund managers, owners/partners, directors, life insurance agents/brokers, financial planners and accounting, legal and sharebroking professionals.

In total there are 12203 records of which 4796 records are personalised. State by state breakdowns below reflect personalised record count.
