Commercial ProspectPlus

Veda Advantage Solutions Group offers both a high volume of available prospects and a wide range of sophisticated segmentation variables to facilitate highly targeted, effective marketing campaigns for our customers. We use unique and dynamic proprietary data sources to continuously validate the accuracy and currency of our commercial prospects.

Refine your Business-to-Business Marketing Communications. Armed with dynamic and accurate data, your prospect and customer marketing communications can be targeted using geographical, business and industry sector variables. Now you can pinpoint your best new customer relationships and become more cost-effective.

Commercial ProspectPlus enables you to gain access to the following unique prospects:

892,000 SOHOs (Small Office/Home Office)

623,000 SMEs (Small- Medium Enterprises)

185,000 other unique prospects
