## Executive Women

This list contains women working in high level middle and senior managerial positions in the corporate, SME and public sectors.

The IncNet database is a highly accurate list of over 230,000 key industry contacts, sourced from leading Australian and New Zealand organisations. IncNet focuses on companies with 20+ employees and / or \$10 million in annual revenue.

A strong commitment to accuracy and attention to detail makes the IncNet database one of the highest quality business lists available, for rental or purchase. It has been designed for, and used successfully by, organisations selling high value added products or services.
