IT Decision Makers - Fairfax

This list of 10,000 IT Manager is sourced from the Fairfax Business Research Market Base file. Fairfax Business Research is the provider of strategic information on the top 23,000 companies and over 106,000 C level decision makers in the Asia Pacific region. Market Base mainly focuses on companies with more the 50+ employees. Fairfax Business lists are updated daily and entirely re- researched by a dedicated research team twice annually for contact details and annually for IT infrastructure.

Fairfax Business Lists are built with the help of key decision makers who attend Fairfax events throughout the year. This list is the circulation list for leading Fairfax brands: MIS Australia, New Zealand, UK and Asia and CFO publications.
