## Overseas Owned Companies

This list includes employees of international companies with a presence in Australia or New Zealand. The personnel and contact details contained are Australian or New Zealand based.

This list of 41,405 personnel working for Overseas owned companies is sourced from the IncNet database.

The Inc Net database is a highly accurate list of over 230,000 key industry contacts, sourced from leading Australian and New Zealand organisations. IncNet focuses on companies with 20+ employees and / or \$10 million in annual revenue.

A strong commitment to accuracy and attention to detail makes the IncNet database one of the highest quality business lists available, for rental or purchase. It has been designed for, and used successfully by, organisations selling high value added products or services.
