Purchasing Managers

This database contains purchasing decision makers responsible for the procurement and supply of a range of material into organisations within the corporate, SME and public sector.

This list of 3,318 Purchasing Managers is sourced from the IncNet database.

The Incnet database is a highly accurate list of over 230,000 key industry contacts, sourced from leading Australian and New Zealand organisations. IncNet focuses on companies with 20+ employees and / or \$10 million in annual revenue.

A strong commitment to accuracy and attention to detail makes the Incnet database one of the highest quality business lists available, for rental or purchase. It has been designed for, and used successfully by, organisations selling high value added products or services.

LIST DETAILS	
Quantity	3,318
Selections	Employee Size Head/Branch Office Industry Job Title Location Overseas Owned Postcode Revenue
PRICING	
Deliverability	100%
