BDO survey data

BitData acquires data from a large number of publicly available sources under various licence agreements.

We have over 25 years of history in consumer data and transactional records; we have one of the best databases in the industry. We aggregate our own unique data from our proprietary software and partnership agreements.

LIST DETAILS	
Quantity	1,615,606
Selections	Home owners Income Gender Age State
PRICING	
Deliverability	95%
Lead Time	4 days
Terms & Conditions	List rental costs cover one time usage only. All data is seeded with dummy names to detect unauthorized use and copying in any form is prohibited. Two sample mailing packages will be required for approval by owner. We require a signed copy of our list rental agreement and order form prior to any order being processed. Payment is required on delivery of data unless arranged otherwise. 10% GST applies to all Australian Companies.
